RE: HUSKY LANDSCAPING SERVICES

I once again used Husky services for my spring clean up after being a customer for snow removal services this past winter. After the excellent standards of work I observed, I felt quite sure they would provide me with the same high quality of workmanship.

They arrived within the same week I signed the contract, and within the hour had the place looking brand new. No other service I have used in the past can compare and I will continue to be a customer of Husky's, and will highly recommend all their services to anyone in need.

Dear Colin:

Lorrie joins me in sending you our thanks for the most excellent job you and you crew did on the landscaping of our house.

We have received many compliments from friends and neighbours. I know the job was challenging at times, working as you did with a landscape architect, but the discussions and compromises that took place resulted in really superior project.

I was especially impressed by the great attention to detail – even the tiniest of detail – that your crew exhibited. I'm sure it wasn't really necessary to mitre every stone, and chip away at every rock, and level every piece of wood, but they did, and the result is really a piece of truly excellent workmanship.

And it looks really great.

Thanks again, and best regards,

Dear Sirs,

Thank you very much for the recent work you did for me - repairing a large portion of our deck and also for the steps you designed and installed on the east side of our house.

I was especially impressed with the workmanship and efficiency with which this job was done. Also, everywhere was clean and tidy when finished and thought was put into picking up every nail because of my small grandson.

Thank you very much for a job well done.

Sincerely,

Vivienne Rojas

Husky Landscaping and Snow Removal

Dear Colin:

Just a quick note to tell you how relieved we are to have such a reliable company to take care of our gardening and snow removal needs.

We can't wait for the winter to end so that you can get back to the business of planting our flowers. We had so many compliments last year - and it was an absolute pleasure to show off your work!

Thanks so much for the special attention you gave us a couple of weeks ago when we were having our party. Our guests arrived to a beautifully cleaned driveway and it's reassuring to know we can count on you for an extra favour when we're entertaining.

Thanks again for everything!

Regards,

Lynne and Jeff Morrison

Re: Husky Landscaping Services

It is with pleasure that I provide this letter of recommendation regarding Husky Landscaping and Snow Removal Services. We first started using their services several years ago, and have enjoyed their reliable and conscientious work ethic. Unlike many snow removal services that we have used in the past, Husky is always willing to answer questions or concerns, even after they have received full payment. Telephone calls are returned promptly, and it is always easy to reach Colin. After a snowfall, our driveway is miraculously cleared, and our walkways shoveled, which makes the winter that much easier to bear.

I highly recommend Husky Landscaping for all your garden and landscaping needs.

Yours truly,

TO WHOM IT MAY CONCERN

Husky Landscaping Services

We have been using Husky's services since their establishment. All these years, Colin and his team have demonstrated reliability, professionalism and courteousness. Our healthy and clean lawn and their rapid growth are good proofs of their quality services.

When they added snow plowing to their servicing programmes a few years ago, we, having experienced great disappointment with two companies, had switched to Husky. Their prompt clearings after snowfalls had put us at our ease. When time permitted, they were even able to accommodate our special service requests.

We cannot recommend them too highly.
