Re: Husky Landscaping Services

Husky Landscaping Services has been providing Unisource Canada, in Richmond Hill with both summer grounds maintenance and snow removal services since 1997.

Our Richmond Hill location is a very busy location in regards to both our office staff and our warehouse in which employees and trucks operate through both the day and night. Husky has always done a good job accommodating our varied hours of work and is diligent in snow clearing and ice management over the winter months. They have also been very responsive to particular situations requiring service on short notice.

I would highly recommend Husky Landscaping Services to any company seeking a professional landscaping company that takes care in the work they do and one that can be counted on for consistency throughout the seasons.

Yours truly,

James Hillier
Warehouse Supervisor

Husky Landscaping Services has provided our Markham based business with both summer and winter maintenance since 2001 on 2 different properties. Our current location is a total of 3 acres. They keep a very regular schedule over the summer months, and have always been very reliable during the winter season. Due to the the busy nature of our business, safety at our facility is of the utmost importance and the winter crews do an excellent job keeping our site clear of snow and icy conditions.

Husky has also planted entire sections of gardens for me including trees, bushes and annuals as well as completed some contracting work with guard rails and sod for new areas of our property.

Our neighbour J. A. Henckels Canada, recently started using Husky's services as a result of their work on our property and apparently meeting some of the Husky staff who are both uniformed and friendly.

I have always found Colin Padgett, owner of Husky Landscaping to be responsive to particular events requiring timely and special attention. I have no hesitation in recommending Husky landscaping Services.

Dear Colin:

On behalf of all owners, I want to thank you, Ruban and the crew for the excellent snow removal service we receive.

This winter has been a real test - there has been more snow than we have property to pile it on! You and the boys have certainly kept our entrances clean and we do thank you!

TO WHOM IT MAY CONCERN

Dear Sir/Madam

Re: Husky Landscaping

We are the property managers of Rainbow Creekway, a condominium townhouse complex located at the S/E corner of Bayview and Finch Avenues, Toronto.

T.S.E. Management Services Inc. assumed management of the property on November 1, 2002 at which time Husky Landscaping were the contracted landscaper. We have continued to contract with Husky because of the excellent service that they deliver.

On a personal note, I have found Mr. Colin Padgett and the Husky landscaping staff to be knowledgeable, efficient, and most importantly, very obliging.

I have no hesitation in recommending Husky for any landscaping maintenance or landscaping construction project. Their snow clearing service has been excellent (and reliable) on what is, because of its location, a very difficult property.

If you require any further information please contact me at 905-764-9166 X 32.

Yours very truly,
